

# **Mission Statement**

**Downey Park Counseling Associates is a group of committed caregivers who recognize that God wants to bring healing to all people, especially His children. We affirm that He has enriched our lives with gifts and attributes that enable us to serve others.**

**Our goal is to glorify God. Our mission is to promote excellence in Christian mental healthcare by:**

- Providing exemplary leadership in the field of mental health treatment.
- Producing and promoting clinically sound, biblically grounded materials designed to train, nurture, stimulate reflection and encourage application in both treatment and in the community.
- Providing quality mental health services with psychiatric and substance abuse problems, through multi-disciplined team members, each with complementary areas of specialization.
- Assisting ministers, other church leaders and Christian professionals to meet the spiritual and emotional needs of their communities through conferences, support groups, materials and training.
- Dedicating ourselves to strive for the highest ethical standards and levels of professional competence so that we can effectively serve our fellow human beings and honor God.
